
ERRATA

There is an error in the editorial in Vol. 33, No. 8-9. On page 563, the text reads: "Sapin et al (1980) demonstrated in 20 euthymic medication free bipolar patients no significant differences in information processing compared with controls." This should read: "Sapin et al (1987) demonstrates in 20 euthymic medication free bipolar patients significant differences in information processing compared with controls." The publisher regrets the error.

The following information was inadvertently omitted from the first footnote of "Lithium Lengthens the Period of Circadian Rhythms in Lesioned Hamsters Bearing SCN Grafts," by Joseph LeSauter and Rae Silver, on page 75 of Vol. 34, No. 1-2.

From Barnard College of Columbia University, New York, NY.

Address reprint requests to Dr. Joseph LeSauter, Barnard College of Columbia University, 3009 Broadway, New York, NY 10027.

Received July 30, 1992; revised April 16, 1993.

The publisher regrets the error.
